

Executive AI Decision Contract

Define the decision, evidence, authority, proof, and stop conditions before AI enters the workflow.

RULE AI may prepare the decision. A named executive owns the judgment and outcome.

1 FRAME THE DECISION

Decision question

Accountable executive

Decision deadline

Consequence of delay

2 BOUND THE SYSTEM

Approved evidence

Required output

Prohibited actions

Authority level

Review date

3 DEFINE PROOF AND STOP CONDITIONS

Success measures

Stop conditions

Before launch

Owner named / sources approved / prohibited actions explicit / rollback tested
